TAIPRENEUR

# We make your business the answer.

Customers search on Google, ask AI assistants and expect a reply in minutes. We build your website, run your marketing, automate follow-up and make you the business they find first.

## Six services, one team

### Website development

Fast, mobile-first websites, stores and apps with search structure built in.

### Digital marketing

Google, Meta and YouTube campaigns managed against cost per lead.

### AI automation

Every lead captured and answered in seconds, follow-ups on autopilot.

### SEO

Rank for the searches your customers make, in your city.

### GEO

Be understood, recommended and cited by ChatGPT, Gemini and Perplexity.

### AEO

Win featured snippets and voice answers with question-led content.

## The lead engine we build for you

1

### Found

On Google, in AI answers and through targeted ads.

2

### Visit

A fast page that answers the question.

3

### Enquiry

One tap to call, WhatsApp, book or fill a form.

4

### Instant follow-up

Automatic reply in seconds, team alerted.

5

### Booked call

Tracked to its source and its cost.

# Built for two industries we know well

## Colleges and institutions

Students and parents compare you on Google and ask AI before they enquire.

- Course pages that rank and get cited
- Admission campaigns with tracked cost per enquiry
- Instant WhatsApp and email follow-up

## Real estate

The first agent to reply usually wins the buyer.

- Project landing pages that capture enquiries
- Location-targeted Google and Meta campaigns
- Replies in seconds, site visits booked

# How a project runs

Step 1
### Free call
30 minutes on your goals and where leads are lost.

Step 2
### Plan and quote
Scope, timeline and a fixed price in writing.

Step 3
### Build and launch
Tested on real phones, without breaking what ranks.

Step 4
### Measure and grow
Weekly enquiries and cost per lead, then improve.

# Tell us what you want to grow.

Every project is quoted after a free 30-minute call.
